**Our Goal**

*The Bill Wing Tennis Academy* is dedicated to helping our students reach their full potential on and off the court. Our method of teaching is designed for players of all ability levels and age groups. The program consists of private and group instruction with drills designed to improve stroke production, footwork and agility, mental toughness, physical conditioning and most importantly, match strategy and tactics.

The BWTA utilizes the USTA QuickStart Tennis Philosophy. This program is an exciting new play format for learning tennis, designed to bring kids ages 10 & under into the game by utilizing specialized equipment, shorter court dimensions and modified scoring, all tailored to age, size, and level. Your children will have FUN while they develop the skills needed to enjoy the game of tennis for lifetime.
